

East Hanover Florham Park Girls Softball Association (EHFPGSA)

Rulebook / Division Description: Kindergarten (T-Ball)

Revision: April 18, 2023

During these clinics, the girls are introduced to the basics of softball (throwing, hitting, catching, running) in a positive environment, with no division, but players are separated into formal team assignments. We use a combination of experienced coaches to teach skills the right way while hopefully instilling a love for the game of softball. This is also an excellent way to get involved as a coach, as you will be working alongside our experienced coaches during the one-hour that you'd likely be watching your daughter anyway.
